

My Doll

My Doll is a beautiful teddy – bear. It has golden fur on its body.

The Teddy's body is very smooth and soft. It has two big ears and two beads for his eyes. Aunt Rosi gave it to me as a present.

She has a small workshop where these dolls are made.

I like to keep the teddy near me when I am at home.

It sits there and looks at me with its shiny eyes.

Sometimes I feel it is quite alive.
